

- 1** Enter Credentials: - Input your Client ID and Secret Key in the respective fields.
 - 2** Generate Authorization URL: - Click on the 'Get Authorization URL' button. - A new page will open (Fyers login page).
 - 3** Login to Fyers (If Required): - If prompted, log in with your Fyers credentials. - After login, an authorization page will open.
 - 4** Copy Authorization Code: - Copy the Authorization Code displayed on the page.
 - 5** Enter Access Code & Get Exchange Token: - Paste the copied Authorization Code into the 'Access Code' entry field. - Click on 'Get Exchange Token' – the token will be fetched automatically.
 - 6** Run Strategy: - Once the token is fetched successfully, click on 'Run Strategy 1' to see the results.
-  Your strategy results will now be displayed!
